About the Role

Snr. Spec. DDIT ISC CyberTools (Automation) (376203BR)

Our Information Security & Compliance (ISC) group are looking for a Senior Specialist - Cyber Tools (Automation) to join the team!

Our Senior Specialist Cyber Tools role will be responsible for designing and implementing automations which are directly involved to support Information Security & Compliance and other tools, falling under the scope of Cyber Tools team.

Your responsibilities include, but are not limited to:

- Develop, implement and maintain automated tools and processes, driving automation from an end to end perspective, from requirements gathering to code writing and implementation.
- Build dashboards to automate different initiatives in security space.
- Collaborate with cross-functional teams, including IT, Security Operations, and Engineering, to integrate cyber tools and automation into existing infrastructure.
- Continuous improvement of existing automation tools, to ensure value added from automation.

What you will bring to the role:

• BE/ BTech with 8+ years of overall working experience in information technology, at least 3 years in automation.

Must have:

- Hands on experience in coding, specifically with scripting languages such as: Python, PowerShell, Bash, etc.
- Experience in integration to SaaS platforms via API's
- Power user level of knowledge of Linux / Microsoft OS
- Strong technical background and problem solving skills
- Experience with Microsoft Power Platform and Microsoft Sentinel (Creating Dashboards)

Good to have:

- Experience with RPA automation platforms: Power Automate, UiPath
- Experience of using and integrating with Splunk and ServiceNow SaaS platforms
- Knowledge of IT security area

Nice to have:

- Advanced knowledge of networking, TCP/IP stack, SSH, HTTP

Why consider Novartis? :

743 million. That's how many lives our products touched in 2022. And while we're proud of that fact, in this world of digital and technological transformation, we must also ask ourselves this: how can we continue to improve and extend even more people's lives?

We believe the answers are found when curious, courageous and collaborative people like you are brought together in an inspiring environment. Where you're given opportunities to explore the power of digital and data. Where you're empowered to risk failure by taking smart risks, and where you're surrounded by people who share your determination to tackle the world's toughest medical challenges.

Imagine what you could do at Novartis! :

Join our Novartis Network: If this role is not suitable to your experience or career goals but you wish to stay connected to learn more about Novartis and our career opportunities, join the Novartis Network here:

<https://talentnetwork.novartis.com/network>

We are Novartis. Join us and help reimagine medicine

Is this really what the role is about? My understanding is that this is a team member role (albeit covering its area e2e), not a team lead.

You'll receive: You can find everything you need to know about our benefits and rewards in the Novartis Life Handbook. <https://www.novartis.com/careers/benefits-rewards>

Commitment to Diversity and Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse teams' representative of the patients and communities we serve.

Join our Novartis Network: If this role is not suitable to your experience or career goals but you wish to stay connected to hear more about Novartis and our career opportunities, join the Novartis Network here:
