

Global Labelling Manager

Job ID
REQ-10020301
Sep 17, 2024
United Kingdom

About the Role

Major accountabilities:

- You will maintain regulatory compliant, competitive and up-to-date global labelling documents for assigned products, presenting to the Global Labelling Committee on core data sheet changes.
- You will coordinate and lead the ELTF to agree labelling strategy, labelling course of action and text.
- You will also represent global labelling in relevant sub-teams, research and understand labelling topics across different markets, the competition and regulations.
- You will contribute to the creation of high-quality documents for Health Authorities and interact with Country Organisations to ensure the timely implementation of labelling changes in local product information.

Your experience:

- Bachelors or advanced life science degree.
- Experience in global labelling, or in related areas of the pharmaceutical industry or Health Authorities.
- Strong interpersonal, project management, communication and negotiation skills.
- Ability to lead cross functional teams in a complex work environment.
- Fluency in English

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you.
