

Sr. Specialist Research Outsourcing

Job ID
REQ-10028191
Nov 06, 2024
USA

About the Role

Requirements

- BS/MS in bioscience discipline
- Minimum 2 years of experience with pharmaceutical or biotech research
- Expertise in one or more of the following areas or related fields: in vivo PK, in vitro ADME, preclinical safety profiling, biochemical and cellular assays, NGS, biologics, customs & shipping logistics, along with strong background of data analytics
- Ideally experience in data analytics, process automation and database applications (e.g. Knime, SQL, Sharepoint)
- Ideally experience in (scientific) Operations, management of external collaborations, and interactions with internal scientific and support functions

Novartis Compensation and Benefit Summary: The pay range for this position at commencement of employment is expected to be between: \$97,600 and \$146,400/year; however, while salary ranges are effective from 1/1/24 through 12/31/24, fluctuations in the job market may necessitate adjustments to pay ranges during this period. Further, final pay determinations will depend on various factors, including, but not limited to geographical location, experience level, knowledge, skills, and abilities. The total compensation package for this position may also include other elements, including a sign-on bonus, restricted stock units, and discretionary awards in addition to a full range of medical, financial, and/or other benefits (including 401(k) eligibility and various paid time off benefits, such as vacation, sick time, and parental leave), dependent on the position offered. Details of participation in these benefit plans will be provided if an employee receives an offer of employment. If hired, employee will be in an "at-will position" and the Company reserves the right to modify base salary (as well as any other discretionary payment or compensation program) at any time, including for reasons related to individual performance, Company or individual department/team performance, and market factors.

Company will not sponsor visas for this position.

Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

Role Requirements

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you.
