

# Global Regulatory Affairs Manager - Manufacturing Production Transfer

Job ID  
REQ-10011606  
Nov 21, 2024  
United Kingdom

## About the Role

Major accountabilities:

- Manage manufacturing transfer projects and represent regulatory affairs in cross-functional teams
- Ensure with limited supervision that maintenance submissions are prepared on time and in compliance with regulatory regulations, guidelines, and in line with Novartis processes and system requirements.
- Responsible for providing strategic regulatory input for the preparation of cross functional deliverables (e.g. variations/supplements, renewals, annual reports)
- Uses regulatory expertise and portfolio knowledge to identify issues, gaps, and tradeoffs to avoid/minimize delays and to achieve timely submission and approval.
- Manages timely response to HA queries and contribute to preparing strong justifications to address regulatory gaps
- Responsible for appropriate entering of product specific attributes in compliance database and applicable RIMs
- Manage preparation and finalization of documents for HA interactions
- Contribute to non-project related initiatives focused on productivity, continuous improvement, and automation
- Support other associates within Regulatory Affairs by providing training on specific topics and act as a Subject Matter Expert

Your Experience:

Education:

(required and preferred)

Science based BS or MS with requisite experience and demonstrated capability. Advanced degree (MD, Ph D, PharmD) preferred.

Languages:

(required and preferred)

Fluency in English – Additional language is an asset.

Experiences & Skills:

- 4+ years of knowledge and experience in regulations, guidelines and regulatory processes for regulatory

maintenances activities

- Regulatory experience in manufacturing site transfers
- Experience with regulatory submission and approval processes
- Experience working and delivering results in a global/matrix environment and with cross- functional teams
- Planning, execution, reporting, regulatory review, compliance and submission experience
- Ability to contribute to process improvements and operational excellence initiatives
- Reliable, timely, accurate and proactive communication as appropriate.
