Nov 22, 2024

Italy

About the Role

Role Responsibilities:

- Drive innovation in tech-driven business capabilities and processes, leading conversations with a consulting mindset.
- Accountable for TRD Data and Digital, and Digital Plant Program delivery to the TRD Ivrea Italy business.
- Partner with TRD Business to drive Data and Digital Programs, co-owning transformation outcomes.
- Measure and drive business value of TRD Data and Digital Programs.
- Improve the 'ease of engagement' with IT for the TRD Ivrea Italy business.
- Serve as a key business partner for TRD Ivrea Italy business continuity, handling escalations and key decisions.
- Ensure adherence to Security & Compliance policies for TRD IT systems at Ivrea Italy site.
- Identify and prioritize features for the Product Backlog, ensuring the Development Team understands them.

Role Requirements:

- Bachelor's degree in Computer Science, IT, or a related field.
- Awareness of Lean/6 Sigma, Design Thinking, and Agile methodology. Project management and change management experience.
- Fluency in English and Italian.
- 8+ years in Pharma or IT global industry and 6 years in Digital Plant IT domain.
- Ability to work and lead cross-functional teams in a matrix environment.
- Experience collaborating across boundaries and influencing without authority.
- Interactions with senior management and leveraging digital technology/big data.
- Strong relationship management skills.
- Technical and scientific knowledge of pharmaceutical/technical research and development, biologics, and chemical analytical and process development processes.
- Proven track record in delivering global digital plant solutions.

Commitment to Diversity and Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives.
