Sep 17, 2024
Japan

About the Role

Major accountabilities:

- Handle project budgeting and manufacturing cost control.
- Understand and implement Novartis accounting procedures and internal controls in a manner consistent with Japan, working with the global organization.
- Build steady and strong relationships with both domestic and international stakeholders to provide high quality and timely services.
- Ensure the integrity of data provided by the production team and provide value-added analysis.
- Provide quality financial analysis that supports and appropriately manages the product costing process to improve business case recommendations and profitability tracking.

Essential Requirements:

- Bachelor's degree or above (any major)
- Knowledge of cost control/management accounting and experience using accounting management systems.
- Advanced business level English and fluent in Japanese
- Must have a solid cultural awareness of corporate culture and be a team player..

Desirable Requirements:

- Experience in cost control/management accounting in a manufacturing environment preferred.
- Experience in management accounting in a pharmaceutical company is welcomed.
- Level 2 or above in Japanese bookkeeping if preferable
